**“Worship is at the heart of all that we are and all that we do in the Christian life.** It is important that we be busy ambassadors, taking the message of the gospel to lost souls. It is also essential to be merciful Samaritans, seeking to help exploited and hurting people who need God's mercy. But before we can represent Christ as we should, or imitate Him in our caring ministry, ***we must spend time with Him and learn from Him.***” – Warren Wiersbe
