The Future of Digital Ministry

Rev. Dr. Ophelia Livingston

Think Tank Symposium 2021

“There are three stages to every great work of God;

- first it is impossible,
- then it is difficult,
- then it is done.”

Why Are We Here?

Short Answer: COVID-19

- What COVID-19 has done to the world is speed up the virtual side of **reality**.
 - Before COVID-19
 1. We were shopping more online
 2. We watched sports on our devices
 3. And Pizza has been delivered since 1889, yet we think Uber Eats,

Ministry

Digital Ministry?

- How do we creatively and effectively use the media to continue the work of Christ and the church in the world?
 - We are learning to create new **wineskins** in an old, ever changing world. (Matthew 9:14-17)

Paul's Missionary Journeys

FIRST SECOND THIRD ROME

USING THE MAP

Click a journey name to show only that route. Scroll, pinch, or use +/- buttons to zoom. Click on a city for verses and more info. Drag the slider to compare ancient and modern locations.

ABOUT THIS PROJECT

The Apostle Paul and his companions crossed the Roman Empire to spread the Gospel and strengthen the churches they founded. This map overlays their journeys onto an interactive view of Roman provinces, settlements, and the all-important road network. It shows the likely paths over land and sea, drawing from the Digital Atlas of the Roman Empire and other research listed below.

This is an independent project by Robert Rouse, creator of Viz Bible. It's part of a new way to connect all the people, places, periods, and passages of the Bible. [Learn more here.](#)
