What makes a good friendship?

- ✓ *Honesty*
- ✓ *Respect*
- ✓ *Understanding*
- ✓ *Tolerance*
- ✓ *Trust*

Friendship is based on honesty.

This is what makes friends trust each other. Without it, friends wouldn't trust each other nor let each other borrow.

Respect

Respect is a good thing to have in a friend. He shows your friend good attitude and manners.

Understanding

Understanding is a way to show we care and we pay attention for our friends when they need someone to talk with.

In a friendship tolerance is very important, because with tolerance everyone in society feels valued and respected.

Having trust in a friend is the most important thing because we can base on each other and we can share good and bad moments.

Conclusion

In my opinion friendship means very much in our life because it's a feeling based on respect, honesty, understanding, trust on each other.
